PHL #5 Application Instructions

This shampoo is designed to return the lace and polyurethane base of a hair system back to its original condition. It can also be used to remove a buildup of hair spray from the hair. However, it should not be used as a daily shampoo.

1. When you are sure that the hair system is completely free of adhesive, shampoo the system one time with the PHL #5 Shampoo, leaving on for 1-2 minutes. Rinse thoroughly. Use conditioner on the hair only. Rinse again.
2. Dry the base of the hair system. The system is now ready for bonding.
